ABSENCES

Parents/Guardian should notify the school by telephone if their child will be absent from school for **any** reason. This keeps the school informed about the health of the child and provides communications between the home and school about where the student is. The goal is to protect the student by establishing communication procedures so that both the home and the school know that the child is safe and where they are supposed to be.

The school secretary will call the home of each absent student that has not contacted the office by the time attendance is taken. Please contact the school between 8:00 a.m. – 9:00 a.m. if your child is going to be absent from school.

Regular and prompt class attendance by all children is strongly encouraged. Irregular attendance causes children to miss important areas of information and results in an interruption in the learning process.

Tardiness should occur only under extreme circumstances.

All absences will be recorded as $\frac{1}{4}$ day or more. When a student accumulates 3 hours of absence a $\frac{1}{2}$ -day of absence will be recorded on their permanent record. A student will be tardy to school when they arrive up to 29 minutes late. Thirty or more minutes of late arrival will be recorded as an absence. A student will not be counted tardy/absent if they are late due to a late bus, acts of nature or automobile failure. All absences will be counted and recorded. Absences will be excused only when a parent/guardian has notified the school as to the nature of the absence. Absences will be excused for illness, necessary medical visits, and important family needs. Absences other than illness will need principal approval. **Three or more unexcused absences will result in disciplinary action.**

ARRIVAL

School starts at 8:00 a.m. Students are to go the lunchroom when they arrive. **They are not to go into other parts of the building without a teacher's or the principal's permission.** The teachers will walk their students down to the classroom after the start of the day morning session. Children should arrive no earlier than 7:30 a.m. and will be counted tardy arriving later than 8:00 a.m.

BICYCLES

All bicycles should be parked in the designated area on the southwest corner of the school. No bicycles are to be ridden on the playground during school hours on school days.

BREAKFAST

Breakfast will be served from 7:40 a.m. – 7:55 a.m.. The purpose of the breakfast program is to make a nutritious breakfast available to all students at a reasonable cost. Free/reduced meals are available for those that qualify. The doors to the elementary building will not open until 7:40 a.m.

BULLYING

- BULLYING POLICY

A. The Thunder Ridge School District has developed a plan to prevent bullying. Bullying is dangerous and disrespectful behavior that will not be permitted or tolerated.

The USD 110 Board of Education prohibits bullying in any form either by any student, staff member, or parent towards a student or by a student, staff member, or parent towards a staff member on or while using school property, in a school vehicle or at a school-sponsored activity or event. For the purposes of this policy, the term "bullying" shall have the meaning ascribed in Kansas law.

Staff members who bully others in violation of this policy maybe be subject of disciplinary action, up to and including suspension and/or termination. If appropriate, staff members who violate the bullying prohibition shall be reported to local law enforcement.

Parents participating in prohibited bullying conduct aimed at district students and/or staff members may jeopardize their access to district facilities; district property; school sponsored activities, programs and events; and/or districts students and/or staff members through the district' communication systems. As appropriate, reports to local law enforcement will be filed to report criminal bullying behaviors.

This policy and the district bullying may be posted on the district's website and copies of such documents shall be made available to parents of current students upon request.

Bullying may involve a range of misconduct that, based on the severity, will warrant a measured response of corrective action and/or discipline. Behaviors that do not rise to the level of bullying, as defined below, still may be subject to intervention and/or discipline under another section of the discipline plan or a discipline policy. Some bullying behaviors may require a report to local law enforcement.

B. Bullying means any intentional gesture or any intentional written, verbal or physical act or threat that is sufficiently severe, persistent or pervasive that creates an intimidating, threatening or abusive educational environment for a student or staff member that a reasonable person, under the circumstances, knows of or should know will have the effect of:

- 1. Harming a student or staff member, whether physically or mentally;**
- 2. Damaging a student's or staff member's property;**
- 3. Placing a student or staff member in reasonable fear of damage to the student or staff member; or**
- 4. Placing a student or staff member in reasonable fear of damage to the student's or staff member's property; or**

Any form of intimidation or harassment prohibited by the board of education of the school district in policies concerning bullying adopted pursuant to this section or subsection of K.S.A. 72-8205, and amendments thereto.

"School vehicle" means any school bus, school van, other school vehicle and private vehicle used to transport students or staff members to and from school or any school-sponsored activity or event.

C. The following bullying policy was adopted by the USD 110 Board of Education at the regular meeting held on July 14, 2008.

The board of education prohibits bullying in any form on school property, in a school vehicle or at a school-sponsored activity or event. The administration shall propose, and the board shall review and approve a plan to address bullying on school property, in a school vehicle or at a school-sponsored activity or event.

The plan shall include provisions for the training and education of staff members and students shall include appropriate community involvement as approved by the board. Students who have bullied others in violation of this policy may be subject to disciplinary action, up to and including suspension and expulsion. If appropriate, students who violate the bullying prohibition shall be reported to local law enforcement.

D. Each building in the Thunder Ridge School District will develop a character development program, as a way to encourage anti-bullying behavior that meets the following requirements:

1. A “Character development program” means a program which is secular in nature and which stresses positive character qualities.
2. “Character qualities” means positive character qualities which include, but is not limited to, honesty, responsibility, attentiveness, patience, kindness, respect, self-control, tolerance, cooperation, initiative, patriotism and citizenship.

E. The district will provide bullying training for all staff members each year.

F. Each building will gather bullying data and report the results to the Board of Education at the end of each school year. The data may be gathered from the following sources:

1. Bullying Discipline Referrals
2. School Climate Surveys

G. Students may report any bullying incident to any adult employee of the Thunder Ridge School District. Once they have received a report from a student, it is the responsibility of the employee to promptly contact the principal of the building and inform him/her of the complaint. Once a report has been made, it is the responsibility of the building principal or his/her designee to investigate the incident, and act according to the policies or the Thunder Ridge School District.

H. Each building shall establish a bullying committee that is responsible for coordinating the school’s bullying prevention program. The committee shall include the building principal, one counselor, at least one teacher, a parent, and at least one student.

- **CYBERBULLYING**

Cyberbullying is when a child, preteen or teen is tormented, threatened, harassed, humiliated, embarrassed or otherwise targeted by another child, preteen or teen using the Internet, interactive and digital technology or mobile phones. It has to have a minor on both sides, or at least have been instigated by a minor against another minor. Once adults become involved, it is plain and simple cyberharassment or cyberstalking. Adult cyberharassment or cyberstalking is NEVER called cyberbullying.

The methods used are limited only by the child’s imagination and access to technology. And the cyberbully one moment may become the victim the next. The kids often change roles, going from victim to bully and back again.

Cyberbullying is usually not a one time communication, unless it involves a death threat or credible threat of serious bodily harm. Kids usually know it when they see it, while parents may be more worried about the lewd language used by the kids than the hurtful effect of rude and embarrassing posts.

Cyberbullying may arise to the level of a misdemeanor cyberharassment charge, or if the child is young enough may result in the charge of juvenile delinquency. Most of the time the cyberbullying does not go that far, although parents often try and pursue criminal charges. It typically can result in a child losing their ISP or IM accounts as a terms of service violation. And in some cases, if hacking or password and identity theft is involved, can be a serious criminal matter under state and federal law.

BUS RIDING POLICY

USD 110 provides bus transportation for all rural students to and from school. Students who take the shuttle bus from Agra to Kensington must catch the bus prior to its departure or parents will be responsible for transportation. The shuttle buses normally leave around 7:40 a.m.

Elementary students regularly riding the school bus to and from school must ride the bus home from school unless picked up by a parent/guardian. If the parent/guardian wishes their child picked up by another adult they should notify the principal's office. Bus students are not to ride home with other students that are not siblings unless there has been a written or verbal request to the principal's office and that request has been approved.

BUS RULES FOR STUDENTS

Pupils are under the authority of the bus driver when transported to and from school and to and from activities. Refusal to obey the bus driver and the rules listed below will make the students liable to be reported to school officials and disciplined accordingly.

1st Offense: Written Warning is given to the student. The warning removes the student from bus privileges until the form is signed by the parent. The form should be given to the bus driver before entering the bus the next day.

2nd Offense: The student will be removed from the bus for one day and/or placed in ISS for one day.

3rd Offense: The student will lose bus-riding privileges for 5 school days.

4th Offense: The student will lose bus-riding privileges for 10 school days.

5th Offense: The student will lose bus-riding privileges for 20 school days.

6th Offense: Bus privileges will be suspended for the rest of the year.

**Steps may be skipped if the behavior warrants.*

- Pupils must be on time for the bus both morning and evening.
- Pupils must make sure the road is clear before crossing to the bus.
- Pupils must occupy the seats assigned to them by the bus driver or school official.
- Pupils must not extend their hands, arms, heads, or bodies out window or doors. Pupils must not leave the bus on the way to school or an activity without permission of the driver. The driver can give such permission except in the case of personal emergency or the pupil, or request of the pupil's parent, teacher, or guardian.
- Pupils will be permitted to converse in a normal tone, but loud and obscene language is prohibited.
- Pupils are never allowed to smoke, chew, or have alcoholic beverages on the bus.
- Pupils must not open or close bus windows without permission of the bus driver, nor shall they regulate or operate any part of the bus.
- Pupils must cooperate in keeping the bus clean, and must not damage the bus. Students shall not throw objects in or out of the bus, and not mar or deface the bus.

- With the exception of books, musical instruments, and gym equipment, pupils shall not transport anything without the permission of the driver.
- Pupils must be courteous to the driver and fellow pupils.
- Positively no extra riders without explicit permission from school officials.
- Absolutely no fighting of any kind.
- Absolutely no standing on the bus when it is in motion.

COMPUTERS

Each elementary student will receive instruction in the computer lab each day. The instruction will be in the academic areas of reading, writing, mathematics, social studies and science. Keyboarding skills will also be taught. Students **are not** allowed to bring their own computers, iPads, Ipods, or other electronic devices to school.

DISCIPLINE

PHILOSOPHY: The word “discipline” is derived from the word “disciple” which means, “to teach.” The purpose of these discipline and attendance policies is to ensure a safe, child-centered learning environment, which is free of disruption. These policies involve parents, community members, and school personnel in the process, and hold students accountable for their behavior. The goal of USD 110 is to develop those traits known as the Six Pillars of Character counts: Caring, Respect, Fairness, Citizenship, Trustworthiness, and Responsibility.

The effective education of our students requires a school environment in which students feel safe and secure. The Board of Education is committed to maintain an environment conducive to learning in which students are safe from violence, threats, name-calling, intimidation, and unlawful harassment. This policy shall include circumstances related to racial harassment and racial discrimination and how each are related to student to student, student to school personnel, and school personnel to student incidents.

A POLICY ADDRESSING THE PROHIBITION OF HARASSMENT BASED ON RACE, COLOR, RELIGION, AND NATIONAL ORIGIN, AND PROCEDURES FOR REPORTING AND INVESTIGATING IS BEING FINALIZED AND SHALL BE FORTH COMING.

DISCIPLINARY REFERRAL PROCESS:

1. It is acknowledged that all staff members share in the responsibility for enforcing the discipline policies and creating an environment conducive to learning. All referrals shall be made in writing.
2. The principal and/or his/her designee shall conduct and document a confidential investigation to determine whether or not to proceed with charging the referred student with a violation of policy.
3. In investigating a referral, the administrator or designee shall interview witnesses as appropriate and necessary.
4. In processing disciplinary referrals, the administrator or designee shall utilize, as appropriate, Character Counts-focused counseling with students.
5. All disciplinary policy consequences described below accumulate throughout the school year unless otherwise specified. Parents will be contacted regarding each offense.
6. Any/all unlawful items shall be confiscated and will be turned over to a law enforcement agency as soon as possible.

If a student has been long-term suspended by Hearing, or if a student violates his/her district behavior contract, resulting in long term suspension, the following should occur: Upon returning from long term suspension, the student will be required to obtain a re-entry Check in form, sign by the Principal, who will refer the student to the Student Assistant team prior to clearance. Parents will be contacted regarding each offense.

SUSPENSION PROCEDURES

When a principal (or designee) determines that a student be suspended, the following procedures will be followed:

1. A meeting will be held prior to the suspension of any student. At this meeting the student will be entitled to:
 - a. A written or oral statement of the charges;
 - b. If the student denies the charges, a summary of the evidence against the student will be presented.
 - c. The student will be provided an opportunity to explain his/her conduct.
2. The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of suspension.
3. Following the suspension, the parents or guardians of suspended students will be notified in writing. The notification will include the dates of the suspension; describe the student's misconduct, and the action taken by the principal.

EXPULSION PROCEDURES

When a principal (designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
 - a. Legal counsel
 - b. A member of the administrative staff who did not expel the student and was not involved in the events giving rise to expulsion.
2. An expulsion will not take place until the student and the student's parents are given notice of their right to appear at the expulsion meeting conducted by the superintendent of the person designated above. Failure by a student or a student's parent to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.
3. The notice of the right of an expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the date, time, place, and purpose of the meeting.
4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.
5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take an action found to be appropriate, and give notice of the action taken to the student and the student's parents.

IN-SCHOOL SUSPENSION

In-School Suspension is used primarily for disciplinary situations. In-School Suspension involves removing a student from the mainstream of school activity and assigning him/her to a strictly supervised and restricted classroom.

The student assigned to In-School Suspension will be allowed to complete work (assignments, tests, etc.) for credit. The student cannot receive credit for participation in class lectures and discussion, or lab situations that are missed due to the ISS assignment. Teachers

may send tests or other assignments to students to be completed during the ISS time, but they are not obligated to do so.

Students assigned a full-day In-School Suspension will be required to copy pages from the school handbook during the morning prior to starting their homework.

Students assigned to one period of ISS-Teachers may send students to ISS room upon notification of the office for the class period, if warranted. The ISS supervisor will keep a log of students sent directly from one classroom for a one period suspension. Students assigned ISS for one period must copy from the student handbook throughout the period.

The suspended student must report to the ISS room at 8:00 a.m. Suspended students must bring a sack lunch or purchase a meal while on ISS. The lunchroom will have available a table assigned to ISS students. The students will be escorted to and from the lunchroom by the lunch duty teacher (or designee). Students in ISS are always responsible for completing assignments for classes missed

OUT OF SCHOOL SUSPENSION

Out-of-School Suspension is for disciplinary purposes. Out-of-School Suspension involves removing a student from the school premises for a specified number of days. Out-of-School Suspension is used for more severe disciplinary issues and repeated offenses. Students placed in Out-of-School Suspensions are not allowed on school grounds during the suspension and are not allowed to be involved in any school activities during the suspension. Student on Out-of-School Suspension will not receive credit for work missed during the suspension.

ALL DISCIPLINE POLICIES APPLY TO BEHAVIOR THAT OCCURS WHILE ON SCHOOL PROPERTY, IN A SCHOOL BUS/VEHICLE, OR AT A SCHOOL ACTIVITY, BUS STOP, ATHLETIC OR SOCIAL EVENT.

IF THIS HAPPENS

SEXUAL HARASSMENT (School Year) (Student to Student/School Personnel)

Behavior (including gestures) or words (oral or written) that are directed at a student or school personnel because of his/her sex that are uninvited, unwanted, or unwelcome which would cause the person of that sex to feel uncomfortable or offended or when the conduct by its nature is clearly unwelcome or inappropriate. A student who has initially welcomed conduct of a sexual nature by active participation must give specific notice to the alleged harasser that such conduct is no longer welcomed in order for such subsequent conduct to be deemed unwelcome.

Examples include, but are not limited to:

- a. Comments about body parts or rating a person's body.
- b. Spreading of sexual rumors, stories or jokes.
- c. Using sexual orientation as an insult.
- d. Staring or pointing at a person's body parts.
- e. Making obscene gestures.
- f. Displaying of sexual materials.
- g. Verbal sexual advances including subtle pressure for sexual activity.
- h. Repeated or persistent unwelcome requests for dates, meeting, or other social interactions.

THEN THIS HAPPENS

Elementary School (K-3)

- 2nd offense: Parental notification with a parent conference, mandatory counseling referral, and a two (2) day in-school suspension. Law enforcement will be called if warranted.
- 3rd offense: Parents of both students shall be notified, parent conference, mandatory counseling referral, and either a three (3) day in or out of school suspension. The Student Assistance Team will be involved. Law Enforcement will be contacted. The Hearing Authority will have the prerogative of long-term suspension or a discipline contract.

MULTIPLE DISCIPLINE VIOLATIONS

It is possible under these policies to be referred to the administration on several occasions in the various classifications without reaching the level of recommended long-term suspension. In order to discourage such a practice, students in elementary schools who are referred to the administration for disciplinary action eight (8) times during a semester will be considered for long-term suspension for the remainder of the semester. Students attending mid or high schools who are referred to the administration for disciplinary action four (4) times during a semester or six (6) times during a school year, will be recommended to the Hearing Authority for long-term suspension for the rest of the semester/year. The Hearing Authority would have the prerogative of long-term suspension at this hearing. If the student is allowed to remain in school and subsequent offense occur, a recommendation for long-term suspension will be made by the administration.

DISCRIMINATION

USD 110 does not discriminate against any individual on the basis of race, color, national origin, sex, disability, age, or religion in the admission to access to, or treatment of individual students in the district's programs and activities. The Superintendent has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Right Act of 1964; The Superintendent has been designated to coordinate compliance with nondiscrimination requirements contained in Title IX of the Education Amendments of 1972; The Superintendent has been designated to coordinate compliance with nondiscrimination requirements contained in Section 504 of the Rehabilitation Act of 1973, and the Superintendent has been designated to

coordinate compliance with nondiscrimination requirements contained in The Americans with Disabilities Act of 1990.

Complaints of discrimination should be addressed to the students building principal or the appropriate compliance coordinator. Unresolved complaints and complaints against the superintendent should be addressed to the board of education.

DRUG FREE SCHOOLS

USD 110 adheres to the Drug Free Schools policy required by the 1989 amendments to the Drug Free Schools and Communities Act which states that: "The unlawful possession, use, or distribution of illicit drugs and alcohol by students on school premises or as part of any school activity is prohibited."

To remain in enrollment in USD 110, students must abide by the terms of the following policy.

Students shall not unlawfully manufacture, distribute, dispense, possess or use illicit drugs, controlled substances or alcoholic beverages on school district property, or at any school activity. Any student violating the terms of this policy shall be reported to the appropriate law enforcement officials, and shall be subject to the following sanctions:

 - b. Suspension from all student activities for a period of not less than one semester or four months.
 - c. A student placed on long term suspension under this policy may be readmitted on a probationary status if the student agrees to complete a drug and alcohol rehabilitation program. (Name(s) of acceptable programs are on file with the board clerk.)

Students who are suspended or expelled under the terms of this policy will be afforded the due process rights contained in board policies and Kansas statutes, K.S.A. 72-8901, et seq. Nothing in this policy is intended to diminish the ability of the district to take other disciplinary action against the student in accordance with other policies governing student discipline. In the event a student agrees to enter into and complete a drug education or rehabilitation program, the cost of

such program shall be the responsibility of the student and his or her parents. Drug and alcohol counseling and rehabilitation programs are available for students of the district.

A list of available programs along with names and addresses of contact persons for the program is on file with the board clerk. Parents or students should contact the directors of the programs to determine the cost and length of the program.

FIRE/TORNADO EMERGENCIES

Pupils and teachers have been instructed as to how to evacuate the building in case of a fire and the safety places to go to in the building in case of a tornado. Periodic tests are conducted so that students will know what is expected when the alarm is given.
