Nondiscrimination

Discrimination against any student on the basis of race, color, national origin, sex, disability, or religion in the admission or access to, or treatment in the district's programs and activities is prohibited. Superintendent Jeff Yoxall has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and The Americans with Disabilities Act of 1990. Any student who believes he or she has been discriminated against may file a complaint with the building principal or the compliance coordinator.

Any student complaint of discrimination shall be resolved under the district's discrimination complaint procedure.

Purpose of the Handbook

This handbook is intended to be used by students, parents and staff as a guide to the rules, regulations, and general information about Thunder Ridge Schools. Each student is responsible for becoming familiar with the handbook and for information contained within. Parents are encouraged to use the handbook as a resource to assist their child in following the rules at Thunder Ridge Schools. Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing or to cover every situation and circumstance that may arise during the school year. This handbook does not create a "contract". The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration will be responsible for interpreting the rules contained in the handbook. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

ACADEMICS

Compulsory Attendance

All resident students shall be admitted to attend school in the district unless they have been suspended or expelled.

A resident student is any child who has attained the age of eligibility for school attendance and lives with a parent or a person acting as a parent who is a resident of the district. A student may attend Kindergarten if they turn 5 on or before August 31 of the approaching school year.

All students enrolling in the district for the first time shall provide required proof of identity. Students enrolling in kindergarten or first grade shall provide a certified copy of their birth certificate or other documentation, which the board determines to be satisfactory. Students enrolling in grades 2-12 shall provide a certified transcript or similar pupil records.

The enrollment documentation shall include a student's permanent record card with a

student's legal name as it appears on the birth certificate, or as changed by a court order and the name, address, telephone number of the lawful custodian. The records shall also provide the identity of the student as evidenced by a birth certificate, copy of a court order placing the student in the custody of the Department of Children and Families, a certified transcript of the student, a baptismal certificate or other documentation the board considers satisfactory.

Pre-Enrollment-Student

All students will pre-enroll in April or May for the next year. A list of available classes will be given to each student along with a checklist of graduation requirements. From this, each student will make a list of eight (8) classes and two alternative class choices. The principal, counselor, and all teachers are available to talk with each student about the content of the classes and the requirements of each. Changes may have to be made to the schedule after pre-enrollment due to the ITV course schedule or the change in faculty.

Each student shall discuss with his/her parents the class schedule, and the filled out enrollment form must contain the signature of the student and the parent. Students will also be given information pertaining to Graduation Requirements, Regent's Requirements, and NCAA Requirements.

Graduation Requirements

USD # 110 requires a total of 23 units of credit for graduation from high school. The following is a list of the requirements for graduation.

4 units of English

Non-Resident Students

The district is not required to admit non-resident students. The USD 110 Board of Education will approve or deny a request based on administrative recommendation.

Non-resident students are those who do not meet the definition of a resident student. Non-resident students may be admitted only to the extent staff, facilities, equipment and supplies are available.

A non-resident student who has been suspended or expelled from another district will not be admitted to the district unless approved by the board.

Enrollment

Each year during enrollment, parents and students must fill out a pupil information form including the following information:

- name(s), phone number(s) and address of the student's parent(s)/guardian(s);
- name of individual(s) to contact in case of emergency;
- name of the student's physician; and

- emergency contacts.

The superintendent shall assign students to the appropriate building. Any student desiring to attend a school outside the attendance area in which the student resides may do so only with the prior written permission of the superintendent.

Assignment to a particular grade level or particular classes shall be determined by the building principal based on the educational abilities of the student. If the parents disagree, the principal's decision may be appealed to the superintendent. If the parents are still dissatisfied with the assignment, they may appeal in writing to the board. At the high school level, students enrolled will be classified by the following; freshmen-completed eighth grade, sophomores-shall have successfully completed a minimum of 5 credits, juniors-shall have successfully completed a minimum of 12 credits and seniors-shall have successfully completed a minimum of 17 credits.

A student needs to check with the counselor before enrolling in a dual credit course.** The district may enter into an agreement with the college for the purpose of allowing these students to receive dual credit.

Student Fees

Students may be assessed fees for the following (not an inclusive list):

Each student grades K-12 may choose (voluntary) to pay an Activity Fee of \$15. This will cover the costs of all athletic events, musicals, and assemblies.

A textbook fee of \$20 will be assessed for each student for textbooks and workbooks used by the students. Other costs may include:

- materials for class projects;
- membership dues in student clubs;
- voluntarily purchased pictures, publications, class rings, graduation announcements, etc.;

In the high school, full faith and credit shall be given to units earned in other accredited schools, unless the principal determines there is valid reason for not doing so.

Transfers from Non-Accredited Schools

Students transferring from non-accredited schools will be placed by the principal. Initial placement will be made by the principal after consultation with parents or guardians and guidance personnel. Final placement shall be made by the principal based on the student's documented past educational experiences and performance on tests administered to determine grade level placement.

Pre-College Curriculum

Under Kansas law, a graduate of an accredited Kansas high school is entitled to admission to a State Board of Regents' Institution if the student has completed the pre-college curriculum prescribed by the State Board of Regents with a minimum grade point average of 2.0 on a 4.0 scale.

Five of the six state universities in Kansas, including Emporia State University, Fort Hays State University, Kansas State University, Pittsburg State University, and Wichita State University, use the standards below to review applicants for undergraduate admission. The University of Kansas has different admission standards from those listed below, visit admissions.ku.edu for more information. Standards are set by the Kansas Board of Regents. Please look at the pre-college curriculum on the p. 5.

Take notice that the pre-college curriculum consists of:

- four units of English; ½ unit may be from Speech
- three units of mathematics; Option A - 3 approved units and meet the ACT college readiness math benchmark of 22. Option B - 4 approved units, one of which must be taken in the graduating year
- three units of social studies;
- three units of natural science; and one of which must be a full unit of Chemistry or Physics
- one unit in the field of computer technology.

Also, take notice that this district for graduation from high school requires a total of **{23}** units of credit. Consult with a school counselor to determine specific graduation requirements.

****The law also specifies that a graduate is eligible for admission if he or she has a composite ACT score of not less than 21 points or ranks in the top 1/3 of his or her high school class upon completion of seven or eight semesters of study. See Appendix A for a sample notification form.***

NCAA Initial Eligibility

Students who are considering an athletic career in a NCAA college or university need to be aware of the initial-eligibility rules. The NCAA has a list of high school courses that are approved NCAA core courses. If any student is considering athletic participation at the NCAA level, he/she needs to get a copy of this information from the guidance counselor.

Transferring or Withdrawing From School

It shall be the responsibility of the principal of the appropriate school to determine whether a student has transferred or withdrawn from school. Any student who is absent from school for more than 5 consecutive days shall be presumed to have transferred or withdrawn, unless the principal may determine by investigation that such is not the case.

Any student that drops out of school or is expelled from school loses all rights and privileges afforded students of Thunder Ridge Schools. Fees and dues collected will be returned on a pro-rated basis only if the student or his/her parents or guardian asks for their return.

Readmission

All applicants for readmission to the school shall be submitted to the appropriate building principal in writing. If the student who is applying for readmission has been previously expelled from the school, the principal shall attempt to establish communication with the parents or guardian and to counsel with both parents and student concerning his/her readmission. If the student who is applying for readmission has previously withdrawn, either formally or otherwise, the principal by appropriate counseling shall assist the student in planning his/her schedule, in obtaining the necessary books and supplies and in re-establishing himself as an active participant in the

program of the school.

Procedure for student withdraw from school:

1. The student must pick up a checkout sheet from the office.
2. Each teacher must sign out the student from the assigned class.
3. All school materials must be returned.
4. All bills must be paid.
5. Checkout sheet must be returned to the office with appropriate signatures.

All student records shall be treated as confidential and primarily for local school use unless otherwise stipulated.

FERPA

Under the provisions of the Family Educational Rights and Privacy Act (FERPA) parents of students and eligible students (those who are 18 or older) are afforded various rights with regard to educational records that are kept and maintained by the school. In accordance with FERPA, you are required to be notified of those rights which include:

- The right to review and inspect all of your educational records except those which are specifically exempted.
- The right to prevent disclosure of personally identifiable information contained in your educational records to other persons with certain limited exceptions. Disclosure of information from your educational records to other persons will occur only if:
 - we have your prior written consent for disclosure;
 - the information is considered directory information and you have not objected to the release of such information
 - disclosure without consent is permitted by law.
- The right to request your educational records be amended if you believe the records are misleading, inaccurate, or otherwise in violation of your rights. This right includes the right to request a hearing at which you may present evidence to show why the record should be changed if your request for an amendment to your records is denied in the first instance.
- The right to file a complaint with the Family Policy and Regulations Office at the U.S. Department of Education if you believe USD 110 has failed to comply with FERPA's requirements. The address of this office is 400 Maryland Ave. SW, MES, Room 4074, Washington, D.C. 20202.

Directory Information

For purposes of FERPA, USD 110 has designated certain information contained in educational records as directory information which may be disclosed for any purpose without your consent.

Directory information categories may include the following: the student's name, address, telephone number, picture, parent or guardian, date and place of birth; major field of study; weight, height, participation in and eligibility for officially recognized

activities and sports; dates of attendance or grade placement; honors and awards received; and the most recent educational agency or school attended by the student.

You have a right to refuse to permit the designation of any or all of the above information as directory information. If you refuse, you must file written notification to this effect with USD 110 at the Thunder Ridge High School before September 1. If refusal is not filed, USD 110 assumes there is no objection to the release of the directory information designated.

School pictures are normally taken within the first 2-3 weeks of school at the grade school building. ***Students are under no obligation to purchase pictures, but they are available for purchase.*** All students, except seniors, are required to take student pictures even if not purchasing for the school yearbook.

Grading Policy

The school has developed grade level/course objectives for all subject areas. The course objectives are posted in each classroom and are aligned grades K-12.

The district educational testing program shall consist of multiple assessments. These assessments shall include, as a minimum, individual teacher subject matter tests, district group achievement tests, and any state required tests.

Students may be promoted when they have demonstrated mastery of the board-approved learning objectives.

The final decision to promote or retain a student shall rest with the principal after receiving information from parents/guardians, teachers and other appropriate school personnel.

59 and Below F

Periodic reports either written, by telephone or individual conference with the parent(s) may be made to parents during the interim between formal reports being issued. Parents

may also access grade reports on PowerSchool. ***A login and password will be made available to parents.*** Staff shall contact parents of students who are failing to master the learning objectives or whose grades have shown a decrease since the last formal reporting period.

Formal reports shall be made to students and parents following the end of each established grading period (every Quarter).

Report cards will be either sent home or handed to students at the end of each Quarter.

Parent-Teacher Conferences

Parents and students are encouraged to request a conference with teachers at any time convenient to all parties. Parent/Student/Teacher Conferences will be held as soon as possible after the first quarter of the school year after grades have been compiled. A second Parent/Student/Teacher Conference may be held in the Spring. Parents can access grades at anytime online through PowerSchool by going to the school website www.usd110.net. Each parent will be give an ID and password to access the information.

Honor Roll

To be listed on the quarter, semester, or yearly honor roll a student must meet the following criteria for the grading period.

1. The student must have a grade point average of 3.4 or better on a 4.0 scale.
2. The student must have no grades lower than a C-. Any grade lower than C- will automatically disqualify the student from the honor roll, regardless of what other grades are earned.
3. The student must be enrolled in seven classes at the high school level. Any fewer number will exempt the student from consideration for the honor roll.
4. Students with incompletes will not be listed on the honor roll.

Valedictorian and Salutatorian

A 12 point grading system is used to determine the Valedictorian and Salutatorian of the senior class. The Valedictorian is the person with the highest grade point average in the class and the Salutatorian is the student with the second highest grade point average in the class.

Scholastic Letter-presented at the Achievement Banquet

The purpose of the Scholastic Letter is to give recognition to those students who demonstrate academic excellence. Those students who are named to the TRHS Honor Roll in each of the first three quarters will earn the Scholastic Award. The Scholastic Award will be presented at the Achievement Banquet.

National Honor Society

Membership is open to qualified sophomores, juniors, and seniors

The academic requirement set by the National Council is based on a student's cumulative grade point average. **The Thunder Ridge faculty set the minimum required cumulative grade average to 3.5 on a 4.0 scale. A student must have a 3.5 or higher grade point average to be considered for National Honor Society.**

Membership should never be based on grades alone, although the faculty council may consider scholarship the most important of the four criteria.

Students are evaluated on scholarship, leadership, service, and character. The guidelines are set forth by the Handbook of the National Honor Society. Students become eligible after the first quarter of their 10th grade year.

Graduation Exercises

Students who have completed the requirements for graduation may be allowed to participate in graduation exercises unless participation is denied for appropriate reasons. Graduation exercises shall be under the control and direction of the building principal.

Homework

Students are expected to complete homework and turn it in on time. Teachers may assign a zero if the student fails to turn the assignment in on time. We feel it is extremely important that students take the responsibility to make sure assignments are completed on time.

It is the student's responsibility to obtain make-up assignments from teachers following an excused or unexcused absence.

For each day of absence, a student has one day to make up the work. For example, if a student is gone three days in a row, the student has three days to make up the work upon returning to school.

If a student knows that he or she will be gone prior to their absence, they are to get the assignment from their teacher and have it turned in prior to leaving unless other arrangements are made with the instructor. If the student knows that he/she is going to be gone prior to absence and does not take the initiative to obtain his/her assignments ahead of time, the teacher may give the student a zero.

Academic Dishonesty

Academic dishonesty—as in cheating or plagiarism—is not acceptable. Cheating includes copying another student's work—such as homework, class work, or test answers—as one's own. Plagiarism is the use of another person's original ideas or writing without giving

credit to the true author.

A student that engages in any form of academic dishonesty will be subject to the loss of credit for the work in question, as well other disciplinary measures.

Human Sexuality and AIDS Curriculum

The human sexuality and AIDS curriculum is available for inspection from the high school office upon request.

A parent or guardian (or student eighteen years of age or older) may use the district opt-out provision to remove the student from some portion or all of human sexuality and AIDS classes included in the district's required curriculum.

To receive information on the opt-out provision, contact the principal's office.

Attendance

Kansas law requires students to attend school until the age of 18. Sixteen and seventeen-year-olds may be exempt from the compulsory attendance requirement if:

- they have attained a diploma or GED; or
- they are enrolled in an approved alternative education program, recognized by the local board of education; or
- a court orders exemption; or
- the parent or person acting as parent consents in writing to their child being exempt from the requirement and the child and parent attend a final counseling session conducted by the school to sign a disclaimer.

The law requires the disclaimer to include the following information:

- the academic skills the child has not yet achieved;
- the difference in future earning power between a high school graduate and a high school dropout; and
- a list of educational alternatives available to the child.

Students age 16 or 17 who are not exempt shall be reported as truant. See "Attendance/Truancy," below.

Any student not in school, unless on a school trip will be counted absent. Exception: Students attending school sponsored activities **without parents consent** during the regular school hours as spectators will be considered unexcused. Students taken from school by their parents to attend school sponsored activities as spectators are excused.

Attendance/Truancy Procedures

Attendance Policy Mission Statement:

Regular and prompt school attendance is vital to a good education as well as to the development of responsibility and personal discipline. Regular attendance demonstrates respect for teachers and peers by minimizing the time used to help a student catch up after an absence. Opportunities for

education and growth sometimes occur outside the school. USD 110 encourages you, with the guidance of your parents or guardians to evaluate these opportunities and take advantage of those that promote your personal development. Illness and family concerns may also require time away from school. Responsible use of this policy will give you and your parents a chance to arrange your priorities and provide for illness without the threat of disciplinary consequences. You must understand, however, that not every opportunity or need justifies an absence from school. We expect you to give school attendance priority over matters of personal convenience and desire. USD 110 will not excuse absences that serve no constructive purpose or which, regardless of the purpose, are excessive or generally avoidable.

Attendance Procedures:

1. If a student is absent the parent/guardian must contact the school between 8:00 a.m. and 10:00 a.m. on the day of the absence. If the office does not receive confirmation of the absence by phone or written notification the absence will be unexcused.

**** Please see the Make-Up Work Policy below- zero credit will be issued if the absence is unexcused.**

2. Any illness or hospitalization of 4 days or longer will require a note from the doctor verifying the reason and length of the absence.

3. Students who know in advance that they are going to be absent are encouraged to advise the office one day in advance of the absence and make arrangements for make-up work with their teachers before they leave. ***Please see the Make-Up Work Policy below.***

4. In the event of an unforeseen absence, it is the student's responsibility upon returning to school to meet with each teacher to get missed assignments and to make arrangements to complete make-up work. ***Please see the Make-Up Work Policy below.***

5. All students are required to be in attendance by the beginning of first hour to participate in extracurricular activities (including any practices, games, etc). The exception to this rule is medical appointments, college visits, and funerals. Those students returning to school with a doctor's note or sufficient documentation (ie: college brochure) for their absence will be permitted to practice or play that day.

6. A student may not leave school property during the school day unless parent contact is completed and permission is granted by school officials. All students who leave during the day must sign out at the office. Leaving without permission from the office will result in an unexcused absence for the periods missed by the student.

*The administration realizes it is difficult to schedule medical and dental appointments, but we request that parents make every effort to schedule appointments so their child misses as little school time as possible.

Excused absence (an absence will be excused for the following reasons):

- Funerals
- Illness
- Medical Appointments- with a doctor's note
- Family trips- **Advance notice** is to be given to the school
- College visits

- Absence which a parent of the student requests **in advance** by telephone and which the Principal feels will contribute in a substantial and educational way to the best interest of the student or the student's family

Unexcused absences: Absences for reasons other than the above. Some examples are but not limited to:

- Oversleeping
- Hair appointments
- Work (working for non-parent?)
- Failing to call the school before 10 am and notify the office of the student's absence

Excessive absences:

Attending school is currently the main job of a student. Attendance is necessary for effective learning, but it also teaches responsibility, creates habits that will carry them through life. We know things come up and students are required to miss school. We want to instill a policy that will help the students and their parents make WISE CHOICES about how they use their absences.

At TRHS - the day consists of 9 periods in which attendance is taken. Each period missed will be worth 1/9 of a day. Absences will be tallied this way - for *ALL EXCUSED AND UNEXCUSED ABSENCES*. Missing between 1 & 19 minutes is considered tardy, but missing 20 minutes or more of a class is an absence. Student Activity absences will not be included in the excessive absence policy.

*** The following chart will be followed for missed days and consequences.

At 8 absences	Attendance Alert Letter will be mailed by the secretary
At 14 absences	Parent Conference will be held with the principal, student and parents
At 20 absences	Parent Conference explaining: Each additional period missed will be made up in real time. Incompletes will be in place until all seat time is made up. See make up time opportunities below. All grades will be finalized at the end of school - no work will be accepted for credit after that, but you will receive incompletes until all seat time is completed. Make up work must follow Make up work Policy below.

Exceptions for documented medical issues will be handled on a case-by-case basis by the Principal. Doctor's notes stating the reason and duration of the absences will be required.

Truancy Policy:

The Board of Education does not condone truancy for any reason and encourages all students to attend school on a regular and systematic basis. Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester or seven unexcused absences in a school year, whichever comes first. The superintendent of schools shall include in his annual report any information relative to truancy, which he feels, should be called to the attention of the Board and to the community. The superintendent shall attempt to enlist the support and cooperation of the

Kansas Social and Rehabilitation Services in dealing with the problems created by truancy. The superintendent of schools is authorized to report truanancies to the administrative judge of the Kansas DCF (Department of Children and Families) for referral.

Make-Up Work:

1. If the absence is excused the student will need to meet with their teacher(s) to set a time limit when the work is due not to exceed 1 day for every day absent. Work not made up in the assigned time, even though the absence is excused, will be recorded as a zero and marked incomplete until finished.
2. Zero credit will be issued if the absence is unexcused.
3. Advanced make-up work - if a student knows of impending absence, assignments should be secured and work made up in advance. This is the student's responsibility.
4. Concerning all inter-school activities, teachers must be notified and all make-up work must be obtained in advance of departure. Teachers will contact the coach/sponsor if this is an issue.
5. A student who does not keep his make-up work current will not be allowed to depart early for future events.
6. Students on Out-of-School Suspension (OSS) must have all work ready to turn in upon returning to school. It is the student's responsibility to get work from teachers. They will receive a maximum of 75% credit.

***Teacher discretion applies to all make-up work policy. See specific teacher syllabus for late work policy, missed class participation grades, etc.

Make-Up Time Opportunities:

1. Detention/Make-Up Time: Monday-Friday from 7:30-8:00 a.m. or 3:45-4:45p.m. in assigned classrooms.

DISCIPLINE

This handbook is intended to be used by students, parents and staff as a guide to the rules, regulations, and general information about Thunder Ridge Schools. Each student is responsible for becoming familiar with the handbook and for information contained within. Parents are encouraged to use the handbook as a resource to assist their child in following the rules at Thunder Ridge Schools. Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing or to cover every situation and circumstance that may arise during the school year. This handbook does not create a “contract”. The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration will be responsible for interpreting the rules contained in the handbook. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

PHILOSOPHY: The word “discipline” is derived from the word “disciple” which means, “to teach.” The purpose of these discipline and attendance policies is to ensure a safe, child-centered learning environment, which is free of disruption. These policies involve parents, community members, and school personnel in the process, and hold students accountable for their behavior. The goal of the Thunder Ridge School District is to develop those traits known as the Six Pillars of Character counts: Caring, Respect, Fairness, Citizenship, Trustworthiness, and Responsibility.

The effective education of our students requires a school environment in which students feel safe and secure. The Board of Education is committed to maintain an environment conducive to learning in which students are safe from violence, threats, name-calling, intimidation, and unlawful harassment. This policy shall include circumstances related to racial harassment and racial discrimination and how each are related to student to student, student to school personnel, and school personnel to student incidents.

A POLICY ADDRESSING THE PROHIBITION OF HARASSMENT BASED ON RACE, COLOR, RELIGION, AND NATIONAL ORIGIN, AND PROCEDURES FOR REPORTING AND INVESTIGATING IS BEING FINALIZED AND SHALL BE FORTH COMING.

DISCIPLINARY REFERRAL PROCESS:

1. It is acknowledged that all staff members share in the responsibility for enforcing the discipline policies and creating an environment conducive to learning.

All referrals shall be made in writing.

2. The principal and/or his/her designee shall conduct and document a confidential investigation to determine whether or not to proceed with charging the referred student with a violation of policy.

3. In investigating a referral, the administrator or designee shall interview witnesses as appropriate and necessary.

4. In processing disciplinary referrals, the administrator or designee shall utilize, as appropriate, Character Counts-focused counseling with students.

5. All disciplinary policy consequences described below accumulate throughout the school year unless otherwise specified. Parents will be contacted regarding each offense.

6. Any/all unlawful items shall be confiscated and be turned over to a law enforcement agency as soon as possible.

7. When a student has been placed on a district contract, by the Hearing Authority, the following should occur: The student will return to school with a copy of the district contract and a re-entry check-off form, which will require a Principal/Assistant Principal signature and a referral to the Student Assistance Team for clearance.

If a student has been long-term suspended by the Hearing Authority, or if a student violates his/her district contract, resulting in long term suspension, the following should occur: Upon returning from long term suspension, the student will be required to obtain a re-entry Check in form, sign by the Principal/Assistant Principal, who will refer the student to the Student Assistance Team prior to clearance. Parents will be contacted regarding each offense.

SUSPENSION PROCEDURES

When a principal (or designee) determines that a student be suspended, the following procedures will be followed:

1. A meeting will be held prior to the suspension of any student. At this meeting the student will be entitled to:
 - A. A written or oral statement of the charges;
 - B. If the student denies the charges, a summary of the evidence against the student will be presented.
 - C. The student will be provided an opportunity to explain his/her conduct.
2. The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of suspension.
3. Following the suspension, the parents or guardians of suspended students will be notified in writing. The notification will include the dates of the

suspension, description of the student's misconduct, and the action taken by the principal.

EXPULSION PROCEDURES

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
 - a. Legal counsel
 - b. A member of the administrative staff who did not expel the student and was not involved in the events giving rise to the expulsion.
2. An expulsion will not take place until the student and the student's parents are given notice of their right to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure by a student or a student's parent to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.
3. The notice of the right of an expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the date, time, place, and purpose of the meeting.
4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.
5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parent.

The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and the arguments of the school administration and the student and/or the student's parent(s). The board will then take any action deemed appropriate.

IN-SCHOOL SUSPENSION

In-School Suspension is used primarily for disciplinary situations. In-School Suspension involves removing a student from the mainstream of school activity and assigning him/her to a strictly supervised and restricted classroom.

The student assigned to In-School Suspension will be allowed to complete work (assignments, tests, etc.) for credit. The student cannot receive credit for participation in class lectures and discussion, or lab situations that are missed due to the ISS assignment. Teachers may send tests or other assignments to students to be completed during their ISS time, but they are not obligated to do so.

Students assigned to one period of ISS: Teachers may send students to ISS room upon notification of the office for the class period, if warranted. The ISS supervisor will keep a log of students sent directly from one classroom for a one period suspension. Students assigned to ISS for one period must copy from the student handbook throughout the period.

The suspended student must report to the ISS room at 8:00 a.m. Suspended students must bring a sack lunch or purchase a meal while on ISS. The lunchroom will have available a table assigned to ISS students. The students will be escorted to and from the lunchroom by the lunch duty teacher. Students in ISS are always responsible for completing assignments for classes missed. When a student is suspended for the day (this does not include one-hour removal from class), that student is not permitted to participate in extra-curricular practices (athletics, musical, etc.) or competitions until the beginning of the following day.

Bullying may involve a range of misconduct that, based on the severity, will warrant a measured response of corrective action and/or discipline. FOR CONSEQUENCES INVOLVING BULLYING AND CYBERBULLYING, REFER TO DISCIPLINARY ACTIONS FOR THE VARIOUS TYPES OF DISCIPLINE REFERRALS.

- **CYBERBULLYING**

Cyberbullying is when a child, preteen or teen is tormented, threatened, harassed, humiliated, embarrassed or otherwise targeted by another child, preteen or teen using the Internet, interactive and digital technology or mobile phones. It has to have a minor on both sides, or at least have been instigated by a minor against another minor. Once adults become involved, it is plain and simple cyberharassment or cyberstalking. Adult cyberharassment or cyberstalking is NEVER called cyberbullying.

The methods used are limited only by the child's imagination and access to technology. And the cyberbully one moment may become the victim the next. The kids often change roles, going from victim to bully and back again.

Cyberbullying is usually not a one time communication, unless it involves a death threat or credible threat of serious bodily harm. Kids usually know it when they see it, while parents may be more worried about the lewd language used by the kids than the hurtful effect of rude and embarrassing posts.

Cyberbullying may arise to the level of a misdemeanor cyberharassment charge, or if the child is young enough may result in the charge of juvenile delinquency. Most of the time the cyberbullying does not go that far, although parents often try and pursue criminal charges. It typically can result in a child losing their ISP or IM accounts as a terms of service violation. And in some cases, if hacking or password and identity theft is involved, can be a serious criminal matter under state and federal law.

- **EMERGENCY SAFETY INTERVENTIONS (ESI)**

- The Board of Education is committed to limiting the use of Emergency Safety Interventions (“ESE”), such as seclusion and restraint, with all students. The Board of Education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.
- Emergency Safety Intervention” is the use of seclusion or physical restraint when a student presents immediate danger to self or others. Violent action that is destructive or property may necessitate the use of emergency safety intervention.
- “Seclusion” requires all three of the following conditions to be met: (1) the student is placed in an enclosed area by school personnel; (2) the student is purposefully isolated from adults and peers; and (3) the student is prevented from leaving, or reasonably believes that the student will be prevented from leaving the enclosed area.
- “Chemical Restraint” means the use of medication to control a student’s violent physical behavior or restrict a student’s freedom of movement.
- “Mechanical Restraint” means any device or object used to limit a student’s movement.

Consequences of Violation of Technology Policies

All of the policies and handbook procedures for acceptable use of computers and network are intended to make the computers and networks more useful to students and teachers. They are also intended to minimize the burden of administering the networks; so more time can be spent enhancing services.

Use of the computers for programs, software, e-mail and to access telecommunications resources is a privilege, not a right. Violations of the policies and procedures of USD 110 school concerning use of computers and networks will result in disciplinary action.

Three levels of punishment may be enforced by the administration. While the levels may be implemented in order, nothing prevents the administration from selecting any step depending on the facts and the severity of the violation.

Level 1: Warning and Loss of Privileges for Two Weeks

Student will lose computer privilege/Internet access for a period of two weeks. Any additional loss of privileges will be determined by the administration.

Level 2: Pattern of Abuse, Repeated Abuse or Flagrant Violations:

Student who, after a Level 1 warning, continues to engage in serious or persistent misbehavior

by violating the district's previously communicated written standards of conduct may be removed from any computer/Internet privileges for the remainder of the school year or remaining school years and recommended for suspension.

Level 3: Suspension/Expulsion Violations

Student could be suspended from school (removal for five days or more) if he/she engages in conduct on the Internet that contains the elements of the offense of criminal mischief, as defined by state and federal law. Any student expelled for misuse of technology will also lose computer privileges for the remainder of the school year or school years.

The principal may search any locker at any time without notice to the student to whom the locker is assigned if there is reason to believe the locker contains matter prohibited by law or school regulations. Students shall not place locks, other than those issued by the school, on any locker.

Textbooks

Textbook fees may be assessed by the district for use in the classroom. If a student damages a textbook in any way the student will be required to pay for the damage to the book. Full replacement cost will be charged for any lost books or badly damaged books.

Student Services

Personal Counseling

The counselor is available to assist students with personal concerns. The counselor may make available information about community resources to address personal concerns. Students who

wish to meet with the counselor should make an appointment in advance.

Thunder Ridge Library

The library is a School/Community library. Students are encouraged to use the library, but not as an excuse to avoid doing schoolwork. No student will be allowed in the library without a pass. Library books may be checked. Computers in the library are under the same appropriate use guidelines as computers in all school buildings.

Thunder Ridge High School has a closed lunch period. Students are not allowed to leave campus during lunch period. All students are required to go to the cafeteria during lunch. Students may bring sack lunches and eat in the school cafeteria. Meals will be served at the Elementary cafeteria. Lunch may be purchased from the lunch program or brought from home. USD 110 believes that good nutrition is vitally important for helping children grow a strong body and mind, establish healthy lifetime eating habits and succeed in school. The USD 110 School Food Service Department offers balanced and nutritious meals at a reasonable price for its students(see table below).

The district participates in the Child Nutrition Program. Two popular programs - the National School Lunch and School Breakfast Program, help qualifying parents/guardians by providing free and reduced-priced meals for students. Applications are available for each household at enrollment and are also available from the building secretaries. Federal requirements dictate that a new application be completed every school year (see application for details).

Delinquent Meal/Milk Balances

Students of USD 110 are required to pay for meals in advance. Payments will be accepted at each building in the district. Each student will have a meal account where advance payments will be posted. When a full pay student's meal account balance falls below \$15.00 or a reduced pay student's meal account balance falls below \$8.00, the student will be notified on a daily basis. Reminder notices for those student meal accounts will be printed and handed out to students at the end of the school day.

If a student's meal account balance becomes negative, the student will only be allowed to charge a maximum of 5 meals. The student meal cost is different per grade, so the allowable charge amount will vary. A student will not be allowed to charge the purchase of an extra milk or second lunch while the account has a negative balance. Grade School students with negative balances will not receive milk during snack time. (Eligibility for free or reduced priced meals **does not** cover extra milks or snack milk fees.)
